

Why We Conduct This Count

The census provides critical data to provide daily services, products, and support for you and your community. Every year, billions of dollars in federal funding go to:

- hospitals
- fire departments
- schools
- roads
- other resources based on census data.

City planners use the **census** to plan new homes and improve neighborhoods.

Be Ready!

The 2020 Census counts the population in all 50 states, the District of Columbia, and five U.S. territories. Each home will receive an invitation to respond to a short questionnaire (less than 10 questions)—online, by phone, or by mail.

The next census is coming in 2020. ... The 2020 Census is important for you and your community, and you can help by participating.

So, BE READY – starting April 1st!
